1. Submit in Vector Format.
Other files types will be accepted but may require additional fee for digitization.

2. Avoid thin strokes
Try to stay around 2pt
to 3pt or larger.

3. Use bold and/or large text.
Small text may not knit clearly
or may be hard to read.

✓

4 . Avoid highly detailed art.
Fine details may be "lost in
translation" to knit.
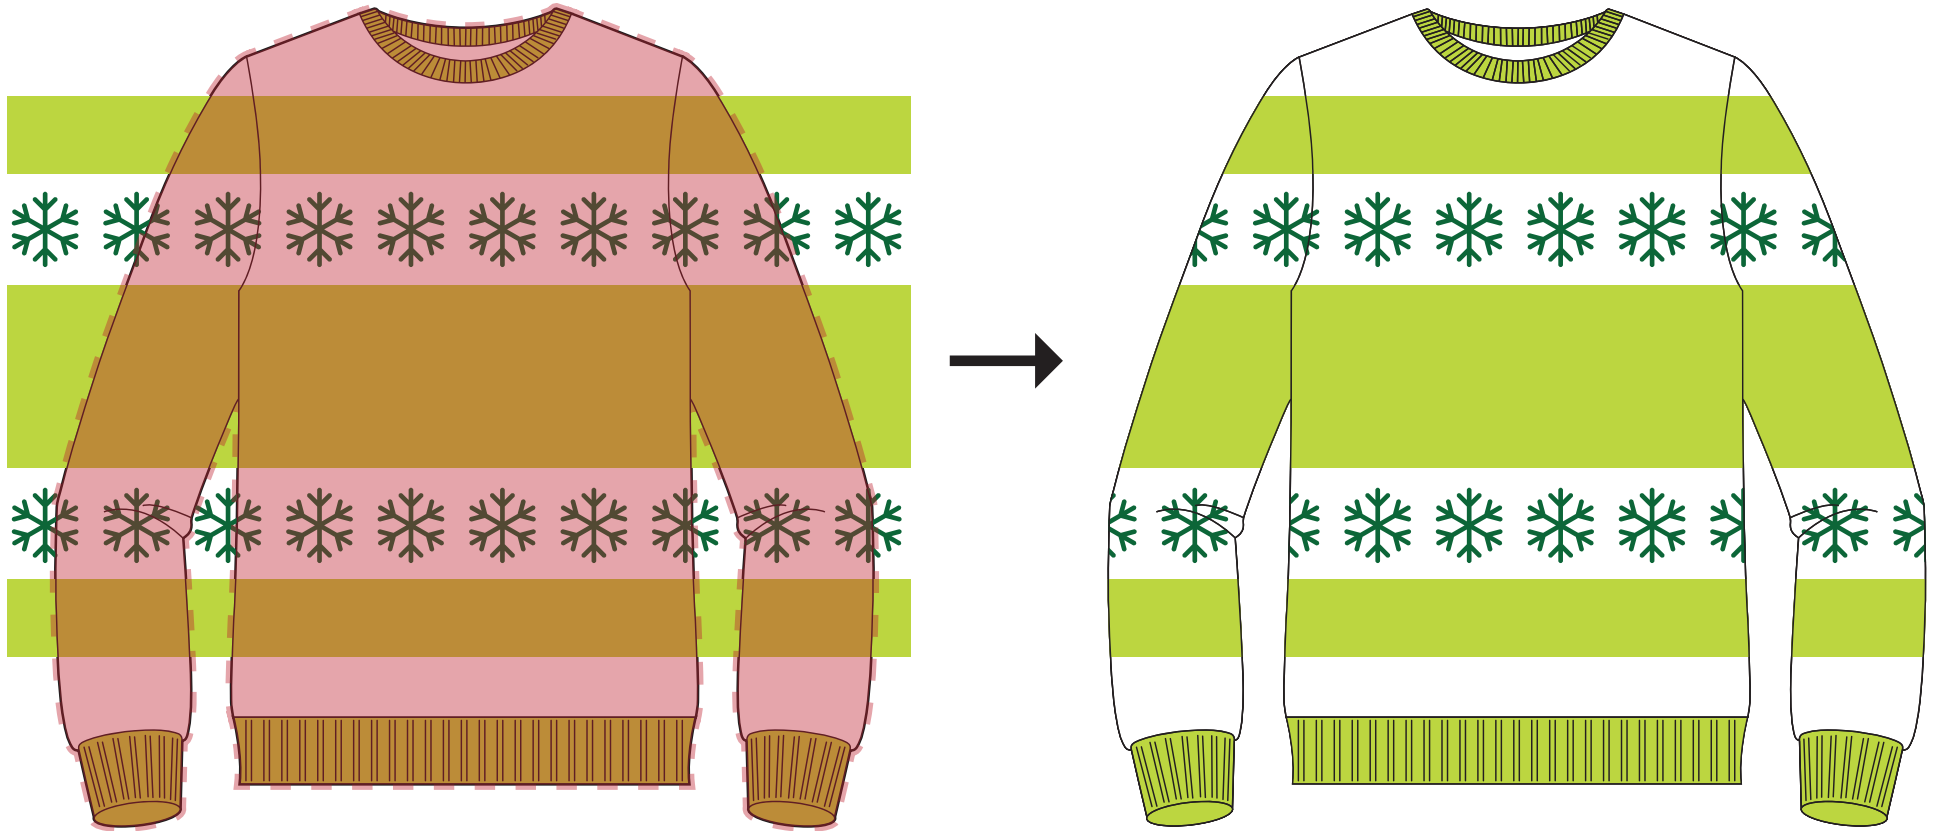

✗

5. Six colors max.

Do not use gradients or other effects. Solid colored Pantones work best if possible.

6. Ribbing is solid colors.

Ribbing (cuffs and collar) can be solid colors only. Not available to add text / graphics.

7. Design edge to edge. Create your design so that your art extends beyond edges of the sweater template where/when needed. This way the design can be adjusted to knit properly if need be. Then clip / mask when finished.
